

Alabama State Port Authority
Addendum to Specification Booklet

Project Name Annual Litter Removal Event

Project # 10378 **Task #** 1 **Addendum #** 2

To: Prospective Bidders **Date:** 2-6-2017

The Invitation to Bid is hereby amended as follows:

Below are questions submitted by potential bidders and responses by the Alabama State Port Authority.

Addendum 2 Item #1	Transportation
Question Submitted	Will we be able to bring the trash to the dumpster via shore or will it have to be brought from the boat to a launch area and loaded to truck then taken to the dumpster?
ASPA Response	Contractors may use one or both of the staging locations indicated in the RFP. In the past, boats have been able to unload a boat/barge from the shoreline at the staging location on Industrial Canal. As noted during the field visit, the staging location at Arlington Park appears to be accessible from shore by kayak or by utilizing the pier. If the contractor chooses to lift bags from boat or marsh to the pier, they may walk or roll bags to the staging area. As stated in the RFP, no heavy equipment may be used. Any damage to the pier will be repaired by the contractor.

Addendum 2 Item #2	Deadline for Questions
ASPA Response	Questions must be submitted by 3:00 pm, February 6 th . Responses will be provided by 5:00 pm, February 6 th .

Please indicate your receipt of this addendum by adding the addendum number in the appropriate place in your Requisition & Proposal.
