ASPA – McDuffie Coal Terminal
1901 Ezra Trice Blvd.
Mobile, AL 36603

Attention: Dillon Sims
Reference: Duplex Strainer 2/2/17
Radco Quotation No. 17-01301058

Dear Mr. Sims:

We thank you for your above referenced inquiry and are pleased to submit our quotation for the supply of Plenty Filtration products as detailed herein.

You are kindly requested to review and confirm the technical information detailed on the attached data sheet to avoid any processing delays in the event of an order.

NOTES:
- This offer is made without any knowledge of operating conditions – full details to be provided for review in the event of an order.
- We offer filter baskets rated to 3.17mm perf – to be confirmed in the event of an order.
- This filter was size based on a process fluid of water.

We trust this proposal will be in full accordance with your requirements and look forward to working with you on this project. However, should you need any further information or clarification regarding this offer, please feel free to contact our technical sales office at your convenience.

Best regards,

RADCO INDUSTRIES, INC.

Ivan D. Bell
Sales Engineer

**Process Conditions**
- Fluid Type: Not Specified
- PED Fluid Classification: Not Applicable (non-EU installation)
- PED Equipment Classification: Not Applicable
- Flow Rate (m³/hr): Not Specified
- Viscosity (cSt): Not Specified
- Density (kg/m³): Not Specified
- Clean Pressure Loss (Bar): Flow Conditions not submitted

**Design Conditions**
- Design Code: Standard (non-coded)
- Design Pressure (Barg): 10.3
- Design Temperature (deg C): 38.0
- Minimum Design Temperature (deg C): 0.0
- Corrosion Allowance (mm): 1.6
- Hydrostatic Test Pressure (Barg): 15.5
- Dirty Pressure Loss (Bar): 0.7 (Recommended Cleaning Point)

Where assessed for use with a Hazardous (Group 1) fluid under the PED 97/23/EC, this filter is certified based on the stated design pressure, and should not be used at a higher pressure.

**Strainer Construction**
- Nominal Bore Size: 16 in (400 mm)
- End Connections: Flanged Connection ASME B16.5 - Class 125 Flat Face
- Body Material: Cast Iron
- Body Seal Material: Viton O-ring
- Basket Filtration (Nominal): Qty 4 – 3.17 mm Perforated Baskets
- Basket Material: Stainless Steel
- Cover Type: Quick Release
- Grease Sealant Type: Not Applicable
- External Finish: PST - Standard Paint System
- Internal Finish: Cleaned and de-scaled with rust preventative
- Non-Destructive Testing: No

**Ancillary Connections**
- Drain Connections: Drain Tapped 1 1/2” NPT
- DP Connections: DP Tapped 3/8” NPT, L.H.S. looking on Inlet
- Vent Connections: Vents Tapped 3/8” NPT
- Flange Tappings: Not Applicable

**Accessories**
- DP Indicator: No
- DP Switch: No
- Flanged Vent: No
- Flanged Drain: No
- Ball Valve - Vent: No
- Ball Valve - Drain: No
- Heating Jacket: No
- Magnetic Column Assembly: No
- Inner Support Basket: No
- Change Over Mechanism: Manual

**Documentation Requirements**
- Our offer includes the supply of the following documentation:
  - Hydro test certificate
  - 2.1 certificate of conformity
  - Standard O&M manual

**Engineered Order Specific Requirements**
SPX D Type (Model 120) 10" - 20" N.B. Duplex strainer. For use for both oil and water services.

Available from stock in cast iron or cast steel to meet working pressure rating requirements up to 350 psig and working temperatures up to 204 Deg C (400 Deg F).

Two disc valves operated by screwed shafts provide a positive Method for changeover from one chamber to the other without a shutdown in flow. The valves are sleeved and totally protected from the liquid. They operate simultaneously so that while one is being opened the other automatically closes. Valve shafts are equipped with an indicator showing which Chamber is on stream. Pressure equalizing valves are provided as standard throughout the range.

**Standard features**
- Hand operated.
- No tools required for service.
- Strainer change can be made without interrupting flow.
- Multiple baskets in large sizes.
- Differential pressure connections.
Optional equipment
- Actuated electrical operation of the valves can be provided either on the actuator or remotely.
- Differential pressure gauges or switches.
- Replaceable mesh inserts for fine filtration 20 through to 300 mesh.
- Multiple baskets in large sizes.
- Differential pressure connections.

Working pressure: Cast iron ANSI 125FF-150 psig
Cast steel ANSI 150/300 RF-300 psig
Hydro-static pressure tested @ 1.5 times working pressure
Working temperature: Cast iron 121 Deg C; Cast steel 204 Deg C

Materials
Body & covers - Cast iron BS1452 GR220 / Cast steel ASTM A216 WCB
Strainer basket & mesh inserts - Stainless steel 316L (2mm perf as STD)
Shafts - Stainless steel 316
Disc valves & valve seats - Bronze BS 1400 LG2 (SS 316 Optional)

Approximate dimensions only. Tolerance: Plus or minus ¼" (3 mm) manufactured in accordance with ISO 9001 Quality system.
Standard mesh inserts for Duplex Type D are also available as follows:

20 mesh (920 micron) or 0.9mm
30 mesh (570 micron) or 0.57mm
40 mesh (410 micron) or 0.4mm
60 mesh (250 micron) or 0.25mm
80 mesh (178 micron) or 0.18mm
100 mesh (142 micron) or 0.14mm
120 mesh (122 micron) or 0.12mm
150 mesh (109 micron) or 0.1mm
180 mesh (91 micron) or 0.09mm
200 mesh (77 micron) or 0.07mm
300 mesh (45 micron) or 0.05mm

Special even finer mesh inserts and disposable gas element are also available.
1. **PROPOSAL**: This proposal, including any materials submitted herewith, remains the property of RADC Industries, Inc. (hereinafter called RADC in this document) and is subject to return to RADC at its request. It contains confidential information and Purchaser agrees that such information will not be disclosed or reproduced in whole or in part. The price does not include erection, freight charges, installation or service unless otherwise noted. A supplemental proposal on these items will be submitted on request. Delivery dates are approximate.

2. **DRAWINGS**: RADC drawings are confidential, for informational purposes only, unless certified, and subject to alterations by RADC to reflect advances and improvements. RADC is to provide the drawings of all foundations, construction reinforcement and required housing based upon RADC's equipment drawings.

3. **STANDARDS, STATE AND LOCAL**: Unless a specific state or local standard has been accepted in writing by RADC, Purchaser is responsible for compliance with state and local standards and for obtaining whatever approvals, waivers, variances, licenses and permits state and local authority may require. Any fees or expenses incurred by Purchaser or RADC in obtaining said responsibility shall be to Purchaser's account.

4. **EQUIPMENT WARRANTY AND REMEDY**: (A) RADC warrants only to the original purchaser that equipment sold hereunder against defects in workmanship and material under normal use and service excluding erosion or corrosion for a period of one (1) year from date of shipment to Purchaser except components not manufactured by RADC which will bear the warranty of the manufacturer. Purchaser shall promptly report all asserted defects in the equipment to RADC and shall afford RADC a reasonable opportunity to inspect all asserted defects. RADC's entire liability, whether under warranty, contract negligence, or otherwise shall be limited to repair or replacement of the equipment found to be defective in workmanship or material within one (1) year from date of shipment to Purchaser, labor excluded, at such location as may be determined in the sole discretion of RADC with Purchaser responsible for all such delivery and related expenses. (B) The foregoing obligations are in lieu of all other obligations and liabilities and all warranties of merchantability or otherwise, expressed or implied in fact or by law, and state RADC's entire and exclusive liability for any claim or damages in connection with the sale, design, suitability or fitness for use, installation or operation of the equipment covered by this agreement. (C) Purchaser shall be liable for and indemnify RADC against any and all claims, losses, or causes of action or judgments of any kind arising from or on account of personal injuries or death or damages to property resulting from or caused by Purchaser's negligent or improper installation, operation or maintenance of the equipment.

5. **LIMITATION OF LIABILITY**: Anything elsewhere herein or in Purchaser's order expressed or implied to the contrary notwithstanding, RADC shall in no event be liable for any special, consequential or liquidated损害, whether based on contract, tort or any other legal theory.

6. **CLAIMS**: Any action for breach of contract or warranty, strict liability or based on negligence must be commenced within one (1) year after the action has accrued and any recovery therefrom will be limited to the replacement F.O.B. RADC's plant of equipment and parts therefore as determined by RADC's list price applicable on the date of any recovery. RADC shall not be liable for any other loss or expenses or consequential damages, including, but not limited to, liabilities for negligence or arising from Federal, State or local government action.

7. **TAXES AND OTHER CHARGES**: Should this transaction be subject to any tax (sales, use, transfer, property, excise, or other), Purchaser hereby assumes sole liability for such charges and will promptly remit and pay them. In the event RADC is required to pay such charges, Purchaser agrees to reimburse RADC. If Purchaser is purchasing for resale or claims this to be an exempt transaction under the laws applicable, it hereby agrees to furnish RADC with the proper form of certification. RADC's acceptance of such certificate shall not constitute a waiver of any rights to reimbursement as aforesaid.

8. **ENTIRE AGREEMENT MUST BE IN WRITING**: The entire agreement of RADC and Purchaser is expressed exclusively in the terms, covenants and conditions implicit or set forth in Purchaser's purchase order and in RADC's acceptance thereof. No agent, representative or employee of RADC has authority to agree, represent or warranty otherwise, except RADC's officers, and then only in writing. Any changes to Purchaser's purchase order or RADC's acceptance thereof must be in writing and signed of initiated and dated by the party to be obligated thereby.

9. **STORAGE**: Any item of the product(s) on which manufacture or delivery is delayed by causes within the Purchaser's control or causes which affect Purchaser's ability to receive the product(s) may be placed in storage by RADC for Purchaser's account and risk.

10. **PATENTS**: RADC shall hold Purchaser harmless against any claim that RADC equipment infringes United States apparatus patents.

11. **PAYMENT TERMS**: Unless otherwise specified, pro rata payments shall become due as shipments are made. If shipment is delayed by Purchaser, date of readiness for shipment shall be deemed to be date of shipment for payment purposes. If manufacture is delayed by Purchaser, a payment shall be made based on purchase price and percentage of completion, balance payable in accordance with the terms as stated. If retention of part of the purchase price is provided for herein, such retention shall be withheld from the final invoice(s) if the event upon which payment of the retained amount is based, is delayed through no fault of RADC, the retained amount shall be charged as noted on the final invoice(s) and if in RADC's judgment, Purchaser's financial condition at any time does not justify terms specified. RADC may require full or partial payment as a condition to commencing or continuing manufacture, or in advance of shipment, or if shipment has been made, recovery of the equipment from the carrier. If payments are not made in accordance with the terms stated herein, the contract price shall, without prejudice to RADC's right to immediate payment, be increased by 1.5% per month on the unpaid balance, but not to exceed the maximum amount permitted by law.

12. **CANCELLATION, SUSPENSION, OR DELAY**: After acceptance by RADC, Purchaser's order or contract is not subject to cancellation, suspension, or delay except upon the petition of Purchaser, in such circumstances as shall include all costs incurred and commitments by RADC to date of cancellation, suspension, or delay, plus a proportionate charge for overhead and profit. In addition, in cases of cancellation, suspension, or delays caused by Purchaser's failure to forward Engineering or Manufacturing approvals, or delays of over thirty (30) days in forwarding shipping instructions from date of notification of readiness to ship, as required in this proposal, RADC may, set new delivery dates, or when applicable, place equipment in public or private storage at Purchaser's expense.

13. **TITLE AND INSURANCE**: Title to the product(s) and risk of loss or damage shall pass to Purchaser upon tender of delivery, except that a security interest in the product(s) or any replacement shall remain in RADC, regardless of mode of attachment to realty or other property, until the full price has been paid in cash. Purchaser agrees to do all acts necessary to perfect and maintain said security interest, and to protect RADC's interest by adequately insuring the product(s) against loss or damage from any external cause with RADC's name as insured or co-insured.

14. **CONFORMANCE FEDERAL OCCUPATIONAL SAFETY AND HEALTH ACT (OSHA)**: RADC's equipment is designed to meet the related conditions for safety as required by OSHA. However, because of the general and often subjective nature of OSHA requirements and because the proper installation and operation of the equipment will have significant effect on compliance with such requirements, RADC does not warrant or guarantee, expressly or implicitly, that RADC's equipment conforms in all respects to OSHA requirements.

15. **WAIVER, ALTERATION OR MODIFICATION**: No waiver, alteration or modification of the foregoing terms and conditions, except as noted in the text of this proposal, shall be valid unless made in writing and signed by an authorized official of RADC. Any additions or modifications to the equipment, materials, drawings, etc. will be at Purchaser's expense.

16. **PROPOSAL**: Proposal prices are firm for thirty (30) days from date of this quotation.

17. **ACCEPTANCE**: RADC equipment is sold pursuant to the foregoing terms and conditions whether acceptance occurs as provided in Execution section, by receipt of a purchase order or acknowledgment, or by action of the parties. No language contained in any purchase order or other Purchaser's documents will be effective to supplement or alter these terms and conditions unless accepted in writing by an officer of RADC. Any different or supplemental terms in Purchaser's documents are hereby objected to. In cases where different or supplemental terms are contained in Purchaser's documents, it is the Purchaser's responsibility to call the matter to the attention of RADC so that the matter may be discussed. Failure to inform RADC of such supplemental or different terms in a separate writing shall constitute acceptance of RADC's terms and conditions.
